

ELECTRONIC SECURITY · TECHNOLOGY INTEGRATION

Local delivery. National accountability.

Securatech supports mainland and national organisations that require a capable local subcontractor to deliver work for their Tasmanian clients.

01 · LOCAL**Tasmanian owned**

Statewide field support without mobilising mainland personnel.

02 · CAPABLE**Specialist delivery**

Security, access, video, nurse call, integration and network capability.

03 · ACCOUNTABLE**Clear close-out**

Defined scope, progress communication, records and documented handover.

04 · FLEXIBLE**One delivery partner**

Single attendance, project package or ongoing partner arrangement.

Tell us what needs protecting.

OUR CAPABILITY

Core security. Connected support.

We deliver specialist technology work as an extension of the principal contractor's team, aligned to the agreed scope, site standards and reporting requirements.

01 · REVIEW**Video Surveillance**

IP cameras, recording, VMS, analytics, remote viewing and system health.

02 · ACCESS**Access Control**

Electronic and wire-free locking, credentials, permissions, audit trails and maintenance.

03 · DETECT**Electronic Security**

Intrusion, duress, environmental detection, verification, alarms and automation.

04 · RESPOND**Nurse Call Systems**

Servicing, fault diagnosis, device replacement, testing and approved integration support.

05 · CONNECT**Integration & Infrastructure**

Structured cabling, testing, documentation, Wi-Fi and network connectivity.

06 · SUPPORT**Maintenance & Projects**

Planned maintenance, system checks, minor works, commissioning and handover.

PLATFORM & SYSTEM ACCESS

Work is accepted where the required competency, manufacturer access, software credentials, licences and technical information are available. Regulated or specialist trade work is confirmed before attendance.

HOW WE WORK

A clear path. From request to close-out.

01 CONFIRM

Scope, priority, access, authority and required outcome.

02 PREPARE

Labour, materials, inductions, permits and system access.

03 DELIVER

Attend, communicate and complete authorised work.

04 DOCUMENT

Job notes, photographs, test results and recommendations.

05 CLOSE OUT

Handover, defects, invoice evidence and follow-up.

06 WORKS PORTAL

Scoped requests synchronise with our job-scheduling software to fast-track triage, scheduling and response.

DELIVERY MODEL

Single visit · defined project · repeat partner program

LABOUR RATE REFERENCE

Tiered capability. Transparent rates.

Rates apply per person and are recorded in 15-minute increments. No minimum labour duration applies. After-hours work is by prior agreement only.

LABOUR CATEGORY	RATE · EX GST	APPLICATION
Standard technical labour	\$110 / hour	Scheduled installation, maintenance, testing and general technical work.
Project labour	\$99 / hour	Agreed programmed project scope and delivery schedule.
Specialist / senior technical	\$140 / hour	Complex diagnostics, programming, commissioning, migration or technical leadership.
Remote technical support	\$110 / hour	Remote review, programming, coordination and technical assistance.
Urgent priority attendance	\$165 / hour	Priority response accepted subject to availability and written authority.
After hours - weekday / Saturday	\$165 / hour	By prior agreement only.
Sunday / public holiday	\$220 / hour	By prior agreement only.
Project management / documentation	\$110 / hour	Planning, meetings, inductions, reporting, close-out and coordination.
Trade assistant	\$75 / hour	Approved assistance under appropriate supervision.

All rates are in Australian dollars and exclude GST. Project quotations override this schedule where expressly stated.

ADDITIONAL CHARGES

Clear allowances. Agreed before delivery.

ITEM	CHARGING BASIS
Travel time	Charged at the applicable labour rate from Securatech's nominated dispatch point unless included in a quotation.
Vehicle distance	\$1.10/km from the nominated dispatch point unless included in a quotation.
Regional / remote attendance	Air or ferry travel, accommodation, meals, freight, parking and other direct costs at cost plus 10% administration.
Materials & consumables	Securatech-supplied materials at cost plus 20% unless included in a fixed quotation.
Specialist plant & access	EWPs, scaffolding, traffic control, specialist access and hired test equipment charged separately.
Freight & expedited supply	Standard or express freight is chargeable. Expedited procurement requires written approval.
Inductions & compliance	Site-specific inductions, portals, permits and mandatory meetings charged at the applicable labour rate.
Standby / restricted access	Booked time lost through unavailable access, incomplete prerequisites or client delay is chargeable.
Cancellation	Labour actually incurred, special-order materials and committed external costs remain payable.
PROJECT PRICING Fixed-price or programmed project work may be quoted against an agreed scope, quantities, access conditions, program, assumptions and close-out requirements.	

DEFINED DELIVERY

Clear scope. Clean handover.

01

WORK ORDER

Site, system, task, contact, timing, PO and variation authority.

05

GST & PAYMENT

Rates exclude GST. Approved accounts: 14 days from invoice.

02

SITE ACCESS

Safe access, inductions, permits, parking and operational constraints.

06

VARIATIONS

Changes to scope, access, quantities or program require written approval.

03

SYSTEM ACCESS

Drawings, credentials, licences, backups and vendor information.

07

CONFIDENTIALITY

Client, site, security, technical and commercial information is protected.

04

CLOSE-OUT

Service record, photographs, results, defects and recommendations.

08

CLIENT OWNERSHIP

We respect the principal contractor's client relationship and communication protocol.

COMMERCIAL NOTE

This overview is a capability statement and rate schedule. An accepted quotation, work order or negotiated subcontract defines the final scope and terms for each engagement.
